The Finance Minister was occupied in his office until a late hour this evening. He had a long interview with the President of the "Oficina Inspectora de Bancos."

Two well-known brokers, Messrs. C. S. C. and Alberto Rodriguez, who have been suspended since the "Schwartz" trial, have been reinstated by the Comandante General.

The second hour in gold was almost confined to transactions for tomorrow. Being weekly settlement day, it was thought that the quotation would be about 280, or even higher, yet the demand amounted to over half a million dollars, the supply was plentiful, and gold remained over for sale, thus showing that the fall is not so much speculative as genuine movement caused by the return of confidence to the market. The rate opened at 280, advanced to 285, and then gradually settling down to 280.50, closed with sellers at this rate. National Bank Shares continued to maintain themselves at 130, and Cables at 100.4, a few La Plata Moles also changing hands at 52. One lot of Credit Real was posted at 60. Cables again, but the movement was not so important as at the first hour.

Exchange goes very stiff, and bills were passed as high as 400 francs on Paris 5.08, and on Antwerp at 5.10.

At a late hour it was announced that the sale of the railway was concluded at \$1,000,000, which contributed to putting gold down.

The following is a summary of operations effected this evening at the second ring:
